A VICIOUS ASSAULT

Made by a Bridgeport Saloon Keeper Yesterday

AND A GENERAL ROW IS THE RESULT

A Constable Interfered and is Assaulted—Two Men Arrested and Locked up, but Afterwards Released, and they will Probably not Appear and the Case will end There.

Shortly after noon yesterday there was a pretty exciting time on Market street near the alley leading down from Fifteenth. Just what it was all about nobody has yet found out, if, indeed, the parties to it know. The eye witnesses saw a large, heavy man, who afterwards turned out to be John Donnelly, a Bridgeport saloon keeper, approach a much smaller man, said to have been Addison Coss, of Martin's Ferry. The two got into a quarrel, but did not attract special attention until Donnelly struck Coss over the head with a club, knocking him down. He then kicked him in the face as he lay on the street.

This brutal act caused bystanders to interfere. One of these was assaulted by somebody in the crowd, said to have been Hodo Morgan. Constable William Love chanced to be near, and he rushed in, stopped the fight and arrested Donnelly. Somebody struck Love behind the ear while Donnelly was resisting, and the latter got away, but Love gave chase and recaptured him as he was running through the custom house grounds. Not much later Morgan was also locked up. Coss was not again seen.

After the two prisoners had been in the lockup two or three hours, friends put up money to cover their fines, and they were let go. It is probable they will not appear this morning, but let their fines go by default, which will probably be the last of the cases. Witnesses say they never saw as brutal an assault as that Donnelly made on Coss. There was a big crowd around, and excitement ran high for a time.

When Donnelly was released, he said the other man locked up was not Morgan. Morgan, he said, was the man who struck a bystander, but he got away, and a man who looked like him was arrested by mistake. This may be true, but probably is not.

SUNDAY NIGHT'S SHOOTING.

Corbett, the Victim, is Expected to Die—The Circumstances.

Robert Corbett, the colored man, who was shot by Maggie Gilmore in the Brown front saloon on First street in Martin's Ferry on Sunday night, will hardly recover. Maggie Gilmore acknowledges the shooting, but claims it was accidental. Dr. John L. Hervey, the attending physician, says the chances are against Corbett's recovery. He was shot with a 32 calibre revolver through the abdomen, the ball entering a few inches to the right of the navel. The revolver was a Smith & Wesson.

The shooting took place about 11:30 in a small room back of the saloon and just why Maggie shot Corbett is not known. In this room were Maggie Gilmore, Corbett, Eliza Wren and Belle Johnson, all colored. The Wren girl was laying on a bed and the Johnson girl sat on a chair in a corner near by. Corbett occupied a chair in another corner and Maggie Gilmore, so Corbett claims, took the revolver from the counter table and approached him. She said "Bob I am going to shoot you." Corbett supposed she was only in fun and said to Maggie, "What's the matter with you, are you crazy? Put that revolver away." She walked up close to him and when within a few feet of where he was sitting, pulled the trigger and fired one shot. The ball entered as above stated. Just why she shot him is unknown. About two weeks ago Corbett gave the Gilmore girl a beating and she threatened vengeance.

It is said that she has since made more than one threat to shoot him. Maggie told her mother yesterday afternoon that she shot Corbett, but that she did it accidentally, and she told the same story to the mayor and the police. Prior to this time she denied the shooting.

William Grant and Richard Perkins, proprietors of the place, and St. Young were standing behind the counter when the shooting occurred, and Grant and Perkins escaped, together with the Johnson girl, going to Wheeling. Officers Martin Myers and John Fisher arrested the Gilmore and Wren girls and Henry Currens and placed Young under arrest. The latter was sent for Dr. Hervey, and was not locked up, and Currens, who was sleeping in another room, was released. The revolver belonged to Grant, and was taken by him when he left.

Two men were seen jumping over the back fence just after the shooting. Corbett, the wounded man, is about thirty years old and hails from Birmingham, Ala. He has been a bartender in the Brown front saloon and was to have been succeeded yesterday by St. Young. It seems that Grant, Perkins and Young were talking this over when the shooting took place.

THE NATIONAL GUARD.

An Officer Expresses Views Regarding What Should Be Done.

There is a sentiment among the members of the National Guard of West Virginia that the force should be made more efficient, by legislation at the hands of the next legislature. An officer of the guard thus gives his views:

"The recent disturbance by striking miners in the Kanawha valley demonstrated the fact that the state has a more or less effective militia which can be readily concentrated in case of emergency. The National Guard deserves more earnest and more financial support from the state than it now receives. Its members should not be expected to leave their regular employment to attend camp, and not receive some remuneration therefor. If they are patriotic enough to enlist in the National Guard they should by all means be paid for the time lost from their regular employment and devoted to the state's militia. Again, there should be an appropriation ample to equip all those who desire to enlist, and make the militia attractive to our best young men. The best results only can be obtained from having the best material. We hope the next legislature will make sufficient appropriation to carry out the ideas of the officers of the National Guard."

World's Columbian Exposition Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents, has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

UNION REPUBLICANS.

They Met, Organized and Selected Delegates to Fairmont.

Last evening at the office of Mr. S. G. Smith, the Union District Republican Club held its first meeting of the present campaign, elected officers and delegates to the coming Fairmont gathering of the Republican clubs of the state and selected a committee to confer with the Clay district club regarding the consolidation of the two clubs into one organization. The newly elected officers are: President—Richard Robertson. Secretary—Raymond Bauer. Treasurer—James A. Denning.

The committee to confer with the Clay organization is composed of Messrs. J. A. Denning, Thomas G. Britt and Raymond Bauer. A meeting will soon be held. The advantages of consolidation for Union are obvious—there is no suitable meeting place for the club in the district, and, by consolidating, club rooms could be located centrally in the third ward.

The delegates to Fairmont are: William Tucker, W. R. Simpson, Thomas G. Britt, W. S. Willis, Harry Hoffman. Alternates: Samuel Jennings, Daniel Crumbacher, James McAdams, Addison Israel and J. R. Butt.

Several speakers addressed the meeting, which was very well attended and quite enthusiastic.

The Epworth League.

The next union meeting of the Wheeling Epworth League organizations falls on the 21st of next month and at a meeting held last evening it was decided to hold the meeting in connection with an excursion on the steamer Liberty. The boat has already been engaged, and a committee is preparing an appropriate programme for the occasion. The trip will probably be down the river.

A SURGEON'S KNIFE

gives you a feeling of horror and dread. There is no longer necessity for it in many diseases formerly regarded as incurable without cutting.

RUPTURE is well illustrated by the fact that it is cured without the knife and without pain. Cures, chafing trusses can be thrown away! They never cure but often induce inflammation, strangulation and death.

TUMORS Ovarian, Fibroid (Uterine) and many others, are now removed without the pain of cutting operations.

PILE TUMORS, however large, other diseases of the lower bowel, are permanently cured without pain or resort to the knife.

STONE in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting.

STRICTURE of Urinary Passage is cutting in hundreds of cases. For pamphlet, references and all particulars, send 10 cents (in stamps) to World's Dispensary Medical Association, 533 Main St., Buffalo, N. Y.

The second annual races for the benefit of the City Hospital promise to be an event not soon to be forgotten by the people of Wheeling. Tickets will be on sale at many prominent places of business, and a ready sale is anticipated. The gentlemen who have kindly consented to take part will drive their own horses, and the affair will be an enjoyable one. Refreshments will be served on the grounds and will be in charge of the entertainment committee composed of Mrs. R. J. Reed, Mrs. John Moffat, Mrs. Alex. Glass, Mrs. W. J. W. Cowden, Mrs. W. A. Wilson, Mrs. A. A. Franzheim and Mrs. George Wise, who will be assisted by the following: Mrs. J. J. Jones, Mrs. Carolina Brues, Mrs. Mary Franzheim, Mrs. Jos. Gibbs and Miss Agnes Wilson.
